

Training & Personal Development

Monitoring NHS & Non-Commercial Studies

This one-day workshop will focus on the skills needed to monitor investigator-led drug studies efficiently in the non-commercial environment whilst meeting the requirements of Good Clinical Practice and recent legislation, the demands of auditors and inspectors, and remembering study goals.

Royal Brompton & Harefield 
NHS Trust

Date: 21st April 2009
Course Leaders: Gareth Hayes (Phlexglobal)
Jacqui Farnell (JFK Solutions)
Duration: One Day
Cost: £175.00 +VAT

A ONE-DAY MONITORING SKILLS WORKSHOP
for NHS clinical research staff impacted by recent regulations and
the necessity to monitor studies

Topics:

- What is monitoring in the NHS & non-commercial setting
- Compliance within the scope of specific modalities
- Understanding how recent legislation affects such studies
- Monitoring obligations and responsibilities
- Planning monitoring schedules effectively
- Getting the most out of the monitoring
- Effective communication with key stakeholders
- Monitoring tools, tips and techniques
- Monitoring documentation – templates and tantrums
- Quality, integrity, transparency
- Case study workshop

Benefits:

Using a blend of trainer input and group discussion to ensure that delegates will be able to:

- Make effective use of time during monitoring
- Communicate with key stakeholders more effectively
- Use the tools that are available more efficiently
- Learn how to write concise monitoring reports
- Improve the way your studies are performed
- Understand the difference between QC, monitoring and auditing
- Combine knowledge and skills to optimum effect
